Technical Specifications

Item	eLOG-01
Input voltage	4~10VDC Powered up by RS485 interface
Average power consumption	0.3W
Baud rate	115200
Communication	RS485
Interface type	2 RJ45 1 Micro USB
Record interval	10 minutes
Record capacity	20000 points
Dimensions	71×67.62×25.8mm
Mounting dimension	57.6mm
Mounting hole size	Φ4.5
Working temperature	-25℃~75℃
Humidity	5-95% (N.C.)
Enclosure	IP30
Net weight	42g
Warranty	2 years
